do. But he did not forget to bring a
complete file of the latest papers for

HONOLULU FIRE DEPARTMENT.

The Board of Delegates of the
department met last evening at the
Bell Tower, thirteen members an-
swering to the roll. Chief Engineer
C. B. Wilson presiding. Hon. No-
ble Townsend, member of the legis-
lative committee on fire department
matters, honored the board with his
presence.

Delegate T. R. Lucas of the com-
mittee on revision of the fire depart-
ment laws reported progress, and
asked for further time to report.

The following gentlemen's elec-
tion were certified to the Board:

Mr. Robt. More, re-elected fore-
man of Co. No. 1 for the ensuing
year.

Mr. E. B. Thomas, elected assist-
ant foreman for same company for
said period; and Mr. Thomas R.
Lucas as delegate.

Mr. John Lucas elected foreman
of Co. No. 2 for the ensuing term.
Mr. Ed. R. Ryan elected assistant
foreman of same company for the
same period.

Mr. Henry Smith's certificate was
also read as delegate from Co. No.
2.

These gentlemen were then re-
quested to take seats as members of
the Board.

A claim of \$43.50 for funeral ex-
penses of D. L. Abphart, late fore-
man of Co. No. 5, was ordered paid
out of the sick fund of the depart-
ment.

After the regular business was
gone through with and the head
"Good of the Department," was
reached, Hon. Noble Townsend was
called upon to say a few words,
which invitation was gracefully re-
sponded to. But when the old veter-
an "Barney" and patriarch White,
the Survey Engineer, had related a
short history of "the fireman's life"
and alluded to the present needs of
the Honolulu Fire Department, (not
however in the matter of additional
apparatus, but as to fire-proof
buildings wherein to store the ma-
chines and other valuable property
belonging to Government) the hon-
orable gentlemen expressed sur-
prise, when told that in the very
building that he was in, there was
property to the amount of \$25,000.
And more surprised was he when in-
formed that in the rear of the Bell
Tower premises were hay barns and
stalls.

Before closing the meeting a vote
of thanks was tendered to the hon-
orable gentleman for words of kindly
expression on behalf of the members
of the department.

After the meeting Noble Town-
send was invited to look around the
buildings, engines and other fire ap-
paratus by the Chief Engineer, as-
sisted by the Survey Engineer.
